

PENNSYLVANIA DEMOLAY

Driving on a DeMolay Function (Revised 7-31-01)

The guidelines published in The DeMolay Insurance and Risk Management Guide, issued by DeMolay International, are recommended to all Advisory Councils when determining who should drive on Chapter functions. Advisory Councils may use their own discretion in permitting SAFE drivers who possess a current valid driver's license to provide transportation for Chapter members. Maturity and experience are known to make safer drivers. Drivers must have a safe driving record, and must exhibit safe driving habits. The driver should insist that all passengers wear seat belts and should carry more than the state-mandated minimum insurance coverages.

Motorcycles and open-air off-road vehicles, such as dune buggies, may not be used to provide transportation for passengers to DeMolay functions; however, an individual may use these vehicles to transport himself to and from an activity.
